OPS released a statement via Tweeter addressing protesters at Parliament Hill and asking to cease immediately further unlawful activity or protesters could face charges.

PPS-PI has identified through open sources a chartered bus destined to bring convoy supporters to Ottawa from southern Ontario on Saturday the 12th of February.

From mayors chief of staff (OTTAWA) to me when I asked how'd the meeting go with Jones: It did not go well. She told him she has no interest in being part of a political round-table. We should speak but I can't until after 6... what's your avail?

That ask for a meeting is me, not you
